

Forza™
TAPE | A FORCE TO BE RECKONED WITH

Transportation

T710

Extreme Sealing Tape

ForzaTape® T710 is a single sided sealing tape with an acrylic adhesive designed for extreme conditions.

Benefits

- Versatile Sealing
- Replaces Liquid Sealants
- High Initial Adhesion
- Flexible Application
- Excellent Environmental Resistance

Applications

This product is specifically designed for seam sealing for water proof and dust proof applications on Roof and other areas in the trailer and transportation industry where liquid sealant may have been used:

- Very high humidity and UV resistance
- Indoor and outdoor use
- Suitable for most surfaces

Product Application

- Surface must be clean and free from dust and grease.
- Pressure sensitive adhesive must be applied with a maximum of pressure in order to achieve maximum pressure level
- The indicated level of performance will be reached after a bonding period of 24 hours at 73.4°F

Technical Data

| | |
|---------------------------|----------------------------|
| Adhesive Thickness | 1,00 mm |
| Adhesive Strength | 100 N/25 mm |
| Service Temperature Range | -40°F to +200°F |
| Short Term Temperature | +302°F |
| Chemical Resistance | Excellent |
| UV resistance | Excellent |
| Humidity Resistance | Excellent |
| Dynamic Shear | 1500g / 3,23cm² for 7 days |
| Static Shear | 400% |

Packaging

3"

Custom sizes available upon request
