

Forza™
BOND | A FORCE TO BE RECKONED WITH

Industrial

CA1500

Instant Adhesive

ForzaBOND® CA1500 is a high viscosity, surface-insensitive instant adhesive.

Benefits

- Instant Bond
- High Impact Resistance
- Excellent Heat Aging Properties
- High Heat Resistance

Product Application

- Parts should be clean and free from oils, contamination or loose surfaces (rust) for optimal results.
- If parts do not mate flush or closely together, you will need to use a product that has higher viscosity to compensate for the gap.
- Excess adhesive can be removed with Debonder.
- Store in unopened containers, out of direct sunlight and in a dry location at room temperature (75°F).
- Refrigeration can extend shelf life.

Applications

ForzaBOND® CA1500 is a high-viscosity, surface-insensitive instant adhesive formulated to bond both similar and dissimilar materials. It's ideal for applications that require rapid curing, dry parts, and acidic parts. In most applications, handling strength is reached in under 10 seconds.

Technical Data

Appearance:	Clear
Specific Gravity:	1.05
Base:	Ethyl
Viscosity:	1500 CPS

Sizes

1 Pound
